

My Street, My Choice !

Don't let Simi Valley be the place where **Democracy Dies** and **Cell Towers Metastasize**

Caution

CELL TOWER

MICROWAVE RADIATION

H A Z A R D

Cell Towers 15 to 50 feet from homes!

Full-Power Cell Towers are coming to utility or city-owned light poles on your street. The pole near you **could be next.**

Safety: Cell towers on or near fire stations caused **brain abnormalities** in every firefighter examined. **You could be next.**

Privacy: Cell Towers this close to homes is a 24/7 surveillance grid. Once the carrier grabs the real estate, it can **increase the power, height, or width and swap out equipment**, without review.

Property Values: homes near cell phone towers are **devalued 20-25%.** **Your home could be next.**

What You Can Do:

1. E-Mail S.V. City Planning: Tdrago@simivalley.org . Suggested message: We are very concerned about the serious adverse health impacts cause by the microwave radiation emitted from full-power Cell Towers. Please prevent the installment of these dangerous wireless transmitters in residential and mixed-use areas of Simi Valley.
2. Attend upcoming Simi Valley City Council Meetings. Next meeting: March 11th and also 3/25 at 6:30. City Council Chambers, 2929 Tapo Canyon Road. Public comments welcomed expressing your concern.
3. Spread the news—Forward this flyer to all your email contacts in Simi Valley and post on Facebook, Twitter, Nextdoor.com and other social media. Circulate this flyer in your neighborhood.
