

# My Street, My Choice!

Don't let Sonoma be the place where **Democracy Dies** and **Cell Towers Metastasize**.

**Full-Power Verizon Cell Towers** are coming to PG&E utility or city light poles on your street. AT&T, T-Mobile, Sprint or even Verizon **could come to the pole near your home, next.**

**Safety:** Cell towers on or near fire stations caused **brain abnormalities** in every firefighter examined. In Santa Rosa, peak RF microwave radiation of  $170,000 \mu\text{W}/\text{m}^2$  was metered 100 feet from a cell-site. **You could be next.**

**Privacy:** Cell towers this close to homes are bad because we lose control over the real estate. Once a Wireless Carrier grabs a pole, it **can add additional 4G/5G equipment, increase the size and up the power output** — without any public review.

**Property Values:** homes near cell towers are **devalued 20-25%**. **Your home could be next.**

## What You Can Do:

1. **Come to two important meetings:** First, attend a **My Street, My Choice Sonoma Team** gathering at the Sonoma Farmer's Market on the Square on **Tue Aug 14** from **5:00 to 7:00 pm** (look for our tall, cell-site mock up). Second, attend the **Sonoma Planning Commission Meeting** on **Thu Aug 30 at 6:00 pm** at 177 1st St. W.. Bring signs and support those who are speaking to oppose the **first three of many Close Proximity Microwave Radiation Antennas (CPMRAs)**, aka Small Cells — **25 to 100 feet from homes**.
2. Click [Sonoma](#) on [mystreetmychoice.com](http://mystreetmychoice.com) and then click the **green button** at the top to complete a web form that will enter your comments into the public record. Also, email [lmdevincent@comcast.net](mailto:lmdevincent@comcast.net) for additional flyers to distribute in your neighborhood.
3. Email your complaints to [jmoore@sonomacity.org](mailto:jmoore@sonomacity.org) and [ahollister@sonomacity.org](mailto:ahollister@sonomacity.org).
